Physical Therapy

PRACTICE EXAM & ASSESSMENT TOOL (PEAT®)

For PT and PTA Students

PEAT is an easy-to-use tool to assist in preparing for the National Physical Therapy Examination (NPTE®). PEAT offers the look and feel of the actual exam. The entire process from purchase to delivery all happens conveniently online!

PEAT is composed of two timed exams—one retired NPTE and one practice form—both mirroring the exam. This allows the candidate to take one exam, review strengths and opportunities using the online performance report, and then take the other exam, reviewing performance again, using a second online performance report.

For only **\$99 for 60 days of access***, PEAT candidates receive:

- Detailed performance reports by content area, body system and section.
- Explanations and rationales for the correct answers.
- References to help increase their knowledge.
- Supplemental materials with study and test-taking strategies.

Training online with PEAT provides:

- The experience of taking a timed computer-based exam.
- Sample questions developed by experienced clinicians and item writers.
- Questions have same format, level of detail and graphics as the NPTE.
- The ability to log on and off at will.

* Additional time is available at the rate of \$50 for 15 days

Order at www.fsbpt.org/PEAT
